/347691. This is a reboot for an rp that I had previously joined, but died and got, well, rebooted. I posted the same characters from the original rp (with upgraded forms), and overlooked one thing... _____ Luna: @Sorrel, hybrids need to be bewteeen ages 13 and 16. _____ Callisto: Yes, please adjust the ages. _____ Me: Wait, but that means they'd be over 20 in human years. Or do you mean that's in human years? If so, then Lilypad already qualifies. 7 dragon years=14 human years. I'll change Grasshopper to 6 in dragon years, making him 13. Also, why the sudden change in age requirements? The last rp didn't have any. _____ Callisto: Ugh. Please just follow the rules. _____ Sunrise: As the original creator of this idea, dawnhaze follow the rules or you will not be allowed to role play. That goes for any of the rolepays made by me and dancingphoenix151. _____ Me: I did! I just changed their ages! _____ Callisto: Ugh! I meant human years! I hate myself. Please just stop arguing and change their agaes with the HUMAN YEARS margin. No fancy mathematical solutions. _____ Callisto: Dragon years. They need to be 13-16 in DRAGON YEARS. _____ Callisto: Dragons need to be 13-16 years old in HUMAN YEARS. _____ Me: Umm, I just did that. They are now 6 and 7, which is 14 and 13 in human years. _____ Callisto: NoooOOOo. No fancy math. Please just cooperate. _____ Sunrise: DAWNHAZE! STOP IT. _____ Me: Guys, just look at my post. It's not even very complicated. I just calculated that 6 in dragon years is 13 in human years. I changed their ages, so why won't you accept me? _____ Callisto: I may be wrong but I don't think that's how that works. Dragons don't actually live to be that old, the oldest being like 150. Some humans can get to nearly 120 if they're lucky. You're suggesting it doubles, which it doesn't. And I also asked you to make an EXTREMELY simple adjustment and you're downright refusing, which is VERY annoying. Please just follow the rules like everyone else and STOP ARGUING WITH ME. _____ Callisto: PLEASE FOLLOW THE RULES OR I'M GOING TO HAVE TO ASK YOU TO LEAVE. I DON'T KNOW WHY YOU'RE ARGUING. THEY NEED TO BE 13-16 IN DRAGON YEARS. JUST CHANGE THEIR AGES OR LEAVE. _____ Me: (incoming post) when I say 12.5, to be fair I thought I had memorized the chart, and 13 isn't very different from it... There's just .5 in difference. So he'll almost be 7, which is the equivalent of 13 human years. _____ Yeesh! I really didn't mean to receive all-caps, all I wa trying to do was do what you asked! Lilypad is 7 in dragon years, which, according to a chart I found that has scientific backup, means she is 14 in human years. Grasshopper's age was changed to 6 in dragon years, which is about 12.5 in human years. I will copy/paste the chart on here if you want me to, I'm just saying that I already fulfilled your requirements. I am not downright refusing; I did change Grasshopper's age. I had just said that his new age was about 13 in human years, and apparently that deems a mini-flame war. _____ Future: [mods, please let this through.] um, hey.

kiddo, you're being really unreasonable and rude. Sorrel is being as polite as possible. although -- Tui confirmed that 5 dragon years = 13 human years. i don't know where, but i'm pretty sure she did. therefore, 1 dragon year = 2.6 human years. it's not complicated. anyone in fourth grade, maybe even younger, can go through the math to complete the equation with ease. i certainly can. don't yell at Sorrel. they're not doing anything wrong, and yet you find it appropriate to be extremely mean to them. that's just not right. _____ Callisto: This is exactly why I'm leaving. People are stupid and stubborn and then other people back them up. I asked for 13-16 in dragon years. That's all I asked for and they just wouldn't. I'm sorry that you think I'm stupid or stobborn. But I'm leaving these forums anyway so you can go ahead and say all the mean things you want. I won't see them. Bye. _____ Future: [mods, please let this through.] excuse me? Sorrel is not stupid. Sorrel is intelligent, perceptive, caring, sweet, and lovable. i'm not dumb either. in fact, i'm gifted. i may not be the nicest kid on the block, but i'm smart and i know right from wrong. you, no offense, are the one being stupid and stubborn. and rude! and mean! and totally unkind! i don't understand why you think you have the right to be such a jerk. because you don't. no one does. please. you're not being reasonable. we're trying to be nice and polite. you aren't. _____ Me: Sorry, do you mean HUMAN years or DRAGON years? Because you've said both. I have changed their ages according to human years, but if it's dragon years then I will happily comply. Please don't insult me or Future; ze was just backing me up because she saw our argument from my point of view. Please don't leave because of this, it's ridiculous! _____ Please say what you think of this... I had already given Becky the thread number on the Forum Town Square thread, but she hasn't replied. Callisto, I don't want you to leave! Sunrise, this is your rp... Future, thanks for backing me up...

Glamour: I agree with Sorrel. Please don't leave just because of one small arguement. But Future, you shouldn't have called Callisto a jerk.
